

# PRINT WASH 660-100

**50% VOC FREE**

**Washing solvent for sheet-fed machines and cold-set web-fed presses**

## Working instructions

### Manual use : blankets

- Apply the product with a cloth, covering uniformly the whole surface.
- Wipe with a cloth or wet sponge.

### Manual use : ink rollers

- Apply the pure solvent on milling rollers.
- Let it act, then set in action the blade.
- Repeat the application up to the complete cleaning of the milling rollers.
- At the end of washing, rinse with water.

### Automatic use

- Keep to the indications of washing system manufacturer.

### Important

- Do not use on EPDM rubbers.

## Safety

Read Safety specifications before using this product

## Packing

20 litres cans  
200 litres drums  
1000 litres tanks

## Storage

- Store at room temperature, in dry and well-aired place
- Keep far from heat and direct sunlight.
- Keep closed the container
- Storage time : 24 months from production date

## Waste

If possible collect and send them to an authorized waste management firm, in compliance with local and national regulations.

## Main characteristics

- Hydro-miscible solvent
- Soft smell, medium volatility and excellent cleaning power
- Free from aromatic and chlorinated compounds.
- Compatible with most offset plates
- It avoids oxidation and NBR rubbers swelling

## Properties:

Chemical characteristics	Appearance	Yellow liquid
	Classification	AIII
	Flash point	65°C
	Density (25°C)	0,815 Kg/lt
	Organic Volatile Compounds (VOC)	50%

Printing machine	Continuous form	v
	Rotary press <u>without</u> oven (Cold-set)	v
	Rotary press <u>with</u> oven (Heat-set)	NO
	Sheet fed	v
	Ink	Traditional

Application	Ink removal	high
	Drying speed	Medium
	Hydro-miscible	v
	Automatic washing	v

Too long contact on plates or too excessive wipe can damage the image.
