

PRE WASH

Imbuing solvent for blankets washer cloths

Working instructions

Use product on already wrapped rolls of blanket washer cloths.

Imbue the roll in quantity from 300 cc up to 500 cc, according to the size of the roll itself.

Main characteristics

- Solvent emulsifiable in water, featuring low evaporation, soft odour, excellent cleaning power.
- Being it emulsifiable, it eliminates at same time both ink fat residues and the hydrosoluble ones of paper.
- It does not damage rubber nor coating of analogue and digital plates
- Do not use it on EPDM rollers
- **V.O.C. free** (Volatile Organic compounds)

Safety

Read Safety Specifications before using this product

Packaging and Storage

5 litres

24 months from production date
